

h2load::Session

```
graph BT; A[h2load::Http3Session] --> B[h2load::Session]
```

The diagram illustrates a class inheritance relationship. At the bottom is a dark gray box labeled 'h2load::Http3Session'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'h2load::Session'. This indicates that 'h2load::Http3Session' inherits from 'h2load::Session'.
